BC Centre for Disease Control | BC Ministry of Health

## Coronavirus Prevention

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.

Avoid touching your eyes, nose, and mouth with unwashed hands.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Avoid close contact with people who are sick.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick.

**WEARING A MASK IS NOT AN EFFECTIVE MEASURE TO KEEP YOURSELF SAFE FROM VIRAL INFECTION.**
